DATE:

**THURSDAY
AUGUST 5TH, 2021**

TIME:

**4:30 PM TO 6:00PM
(EST TIME)**

Purpose of this study:

- 1: To investigate the impact of COVID-19 on African/Black individuals and communities, front line health care workers and essential service workers and how systemic/structural violence are barriers to effective prevention, treatment and management of COVID-19 in the African/Black population.
 - 2: To identify strategies to respond effectively to the impact of COVID-19 on African/Black individuals, communities, front line health service workers and essential service workers in Canada and transnationally.
 - 3: To create knowledge exchange opportunities to enhance government, institutional, community and individual responses to the impact of COVID-19 on African/Black individuals, communities, front line health care workers and essential service workers in Canada and transnationally.
- Confidentiality:* Any information that is obtained in connection with this study and that can be identified with you will remain confidential and it will not be disclosed in a way that could identify you. Audio/video recordings will be stored securely and erased after being transcribed. Written versions of audio recordings will not include any identifying information that you might mention, for example, a name, an employer, etc. Audio recordings and transcripts will be kept with an ID number which cannot be traced back to participants name or any other identifying information.

Dr. Roberta K. Timothy, the Principal Investigator, is assistant professor at Dalla Lana School of Public Health at the University of Toronto.
